Halloween Narrative

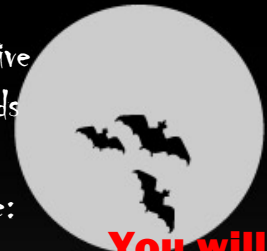

*A Narrative is a piece of writing which tells a story. Use dialogue, descriptive words, imagery (stimulate the reader's senses - paint a picture in their minds by using lots of words which describe sounds, colours, feelings, etc.)

You must choose one of the following "story starters" to begin your narrative:

"It's Halloween night and my friends and I are out roaming the streets, not causing any harm. Suddenly I discover my friends have disappeared and there is no one in sight. I hear a blood curdling scream coming from the distance . . ."

OR

"Halloween is sure to be boring this year. I am too old for trick or treating and the dance was canceled, so I have decided I might as well go to bed early and get some rest. As I walk up the dark stairway and enter my room and reach for the light switch, I hear a mournful howl that seems to be coming from my closet . . ."

this story**
