

# Paddling Expedition...

The screenshot shows the top navigation bar of the Canoeroots Magazine website. The logo "Canoeroots" is in a stylized white font, with "MAGAZINE" in smaller letters below it. To the right of the logo are several menu items: "GEAR GUIDE", "TRIP GUIDE", "CANOES", "GEAR", "SKILLS", and "TRIPS", each in a dark grey button with a white downward arrow. Below the navigation bar is a video player. Above the video frame, the text "Watch the full movie below:" is visible. The video title "Labrador Passage" is displayed in white text on a dark background. The video frame itself shows two people in a red canoe navigating a rocky river with rapids. A large white play button is centered over the video. To the left of the video frame is a vertical stack of social media sharing icons: Facebook, Twitter, Google+, Pinterest, and Email. To the right of the video frame are icons for a clock and a share arrow. Below the video frame is a small globe icon and a horizontal line with a blue-to-red gradient.
