

# First To Add It Up

This card game is suitable for 2 – 4 players. You will need one deck of cards and pencil and paper to keep track of each player's scores. In this game, picture cards = 10 and ace = 1.

## Instructions

Shuffle the cards and have them in the center facing down.

One player draws 3 cards from the deck and lays them face up in the middle.

Players must add the 3 cards to find the total. The first player to call the total of the 3 cards is awarded that number of points.

No points are awarded for an incorrect answer.

Play continues with each player having a turn at revealing the 3 cards.

The winner is the player with the highest number of points when all cards have been turned over.
