

Coop (MAKE) 120 Week #4 – Online Learning Photo Editing Challenge

Introduction: Learn how to use photography to express a point of view. Using FotoJet, a free online photography collage tool, you will learn how to express your point of view about an issue that is important to you, your family or community. By the end of this tutorial you will learn more about taking good photos, the power of perspective, the Rule of Thirds, and how to use FotoJet to create impactful collages. You will also get introduced to Pixlr... an online photo editor. With this program you will create your own logo.

Tasks: 1) Create your picture collage with a theme of your choice. ‘
2) Create a logo

Tools: Computer/laptop/tablet/phone along with any pictures you want to use.

Software: Computer/Laptop... Fotojet: <https://www.fotojet.com/>

Pixlr: <https://pixlr.com/>

Tablet/Phone: PicCollage: <https://piccollage.com/>

Pixlr: <https://pixlr.com/mobile/>

Week #4 Submission: Using the above software options, create a pic collage on an issue of interest. Be sure to check out the tutorial lesson above for details. You decide on a theme. Using Pixlr, create a logo of your choice. Be sure to check out the tutorial.

Options for Submission: I have a tab in TEAMS called 'Week 4 Online Learning'. Using OneNote on mobile device and/or Teams on Laptop, attach your collage and logo as an attachment. For those doing the alternative assignment, put pics/videos into TEAMS as well. If you are not comfortable with TEAMS, attach and send them through email or share from your Google Drive to Ashley.Hallihan@nbed.nb.ca
