Stay Informed...USE the available resources!!!

The image shows a collage of digital resources for Blackville School. On the left is a Facebook page for Blackville School, ASD-N, featuring a circular logo with a falcon and the motto "NO SUCCESS WITHOUT LABOUR". The main part of the image is a screenshot of "The Blackville Talon" website. The website header includes the school's name and a navigation menu with items like "Feature", "Kids Corner", "News", "Opinion", "Podcast", "Sport Rosters", "Sports", "Talon Staff", "Videos", and "Viewpoint". A featured article from Friday, January 17, 2020, is titled "The Dangers of Vaping and Smoking Highlighted during Presentation". The article text states: "Lori Gillies from Quality Respiratory Care came to give Middle and High School students a presentation on the dangerous effects of smoking and vaping on January 15." It further explains that Gillies is a registered respiratory therapist who travels to patients' homes to assist with lung or heart problems, and notes that she deals with many teenagers whose breathing problems stem from smoking and/or vaping. An accompanying photo shows Lori Gillies with three students. To the right of the article is a search bar and a "PREORDER YOUR 2020 YEARBOOK" section with a "REMEMBER FOREVER" graphic. Below that is a "POPULAR POSTS" section featuring a post about a spelling bee. At the bottom of the website screenshot is a dark blue footer with the school's name, address (12 MacLaggan Drive Blackville, NB, E9B 1Y4), and contact information (Tel: 506 843-2900 Fax: 506 843-2903). A navigation bar at the very bottom contains links for Home, News, Teacher Pages, Hockeyville, Sports, Staff, Documents, and BHS MakerSpace.

PORT OF BELLEDUNE

Anglophone North School District

STEAM League Winter Challenge

K- 12 : THE CHALLENGE

Build the tallest free standing snowman.

Frosty the snowman was a jolly happy soul,
What will your team use if you don't have coal?
Circumference and height takes some measuring tools,
Who will be the champ of all the schools?

K- 12 : THE CHALLENGE

Build a single person cardboard sled.

Find a hill, have a race.
Will your sled fly or go at it's own pace?
Make a bus, plane or even a car,
Don't forget to make it go three metres far!

Snowman	Point System	Cardboard Sled
<ul style="list-style-type: none"> Height measurement - 5 points Circumference - 5 points Decorating your snowman - 3 points Tallest snowman- 3 points Largest circumference - 3 points Social Media public post - 1 point/ platform (3max) 	<ul style="list-style-type: none"> Building a cardboard sled - 5 points Testing on a hill - 5 points Sled has a theme - 5 points Successful slide of 3 metres - 4 points Social Media public post - 1 point/ platform (3max) 	

Due: February 28th 2020

Examples...

What is Entrepreneurship???

The capacity and willingness to develop, organize and manage a business venture along with any of its risks in order to make a profit. The most obvious example of entrepreneurship is the starting of new businesses.

In economics, entrepreneurship combined with land, labor, natural resources and capital can produce profit. Entrepreneurial spirit is characterized by innovation and risk-taking, and is an essential part of a nation's ability to succeed in an ever changing and increasingly competitive global marketplace.

ENTREPRENEURSHIP 110
'BHS ICE CENTRE'
WINTER 2020

TEACHER: A. Hallihan

COURSE DESCRIPTION:

The BHS ICE Centre is a program designed to focus on **I**nnovation, **C**ollaboration and **E**ntrepreneurship. This course will complement the availability of technologies in the MakerSpace. Students will be given independence and choice as they develop a product or service to solve a real world problem. Students will work through problems, collaborate with local mentors and develop their own business plans. Upon completion of their business plan, students will present their work at a showcase event. This event will involve community members, students, teachers, parents and locals businesses. The purpose of this event is to foster entrepreneurship and engage students with society in a meaningful way. A collaborative approach is a key to success. The BHS ICE Centre will have support from various community partners – some of the key partners will be NBCC OASIS, Start-up Miramichi, Brilliant Labs, iHUB and a variety of local partnerships. We will leverage all of our partners to create an optimal learning environment for the BHS ICE Centre.

Get to know your opportunities	What ventures could improve our community?	Field research	Financial Planning	Mentor Debrief & Analysis
Personal goal setting and project design	How could ventures relate to my future?	Manufacturing & Product Development	Exploring Growth Potential	Summative Assessment of Project

Pursuit of Happiness...

The "IDEA" Centre
The Innovation Development Entrepreneurship Action Centre

The ASD-S IDEA Centre is a Co-Op style program designed to develop student-led businesses. Students are given the opportunity to partner with existing entrepreneurs and social innovators. By delivering the curriculum in a dynamic community space, the IDEA Centre provides a hub where students are able to safely interact with community partners so that their classwork grows into the community and bears the fruit of a positive community impact.

Students are to identify, research and solve community problems through the vehicle of social enterprise and entrepreneurship. The students' work is guided and accelerated by potential connections with community-based mentors such as Brilliant Labs, Enterprise Saint John, ConnexionWorks, the Social Enterprise Hub, Junior Achievement, the Teen Resource Centre, and many others.

2017 Overview Video

WHAT IF A PROGRAM EXISTED
THAT GAVE STUDENTS THE CHANCE
TO BRING THEIR IDEAS TO LIFE?
