

# Home Learning Opportunities

## Week of May 19<sup>th</sup> to May 22<sup>nd</sup>

### **Math** (minimum 20 minutes daily)

Continue to review basic facts to 18 **daily**. If you can, try to do Reflex Math 2-3 times per week. You can use Splash Learn throughout the week as well.

This week we will be looking at a new math concept that we did not cover in class, **two-digit addition without regrouping**.

Use the questions provided and make up some similar questions of your own to practice throughout the week.

### **Literacy** (minimum 20 minutes daily)

See this week's literacy choice board for a variety of literacy activities. Please keep reading every day (online or books at home).

Thursday we will be doing some writing.

### **Social/Emotional Learning**

Try this fun activity from this weeks STEM Challenge: Edible Art! Put on your chef's hat and try creating a snack that is ALMOST too beautiful to eat! Bonus points if it's all healthy! Send me a picture of your healthy snacks.
