

Week of: Nov 8<sup>th</sup> - Nov 12<sup>th</sup>

le 8 nov - 12 nov

This is the home learning agenda for week 2. Click on the underline links for activities and videos. If you have any questions, please reach out at [paula.duffy@nbed.nb.ca](mailto:paula.duffy@nbed.nb.ca)

Day	Literacy	Math	Social and Emotional
Monday	<ul style="list-style-type: none"> <li>Morning Message: <a href="#">Fin de semaine</a></li> <li>Writing: <a href="#">Fin de semaine.</a></li> <li>Practice Mots Fréquents: <a href="#">Liste 6</a></li> <li>Read <a href="#">Je Lis</a> or guided reading book.</li> </ul> <p>English LA activity (Mrs. Clark/Ms. Shaddick)</p>	<p>Gr 4: Telling time by the minute <a href="#">Lesson 3</a> and worksheet.</p> <p>Gr 5: <a href="#">Lesson 3</a>, review of conversion of measurement and worksheet (see attachments).</p> <p>Study x7 multiplication facts.</p>	<p>Try a game on radio <a href="#">Canada Jeunesse</a>.</p> <p>Or</p> <p>Play a board game with your family. We love Monopoly Deal.</p>
Tuesday	<ul style="list-style-type: none"> <li>Practice Mots Fréquents: <a href="#">Liste 6</a></li> <li>Read <a href="#">Je Lis</a> or guided reading book.</li> <li>Reading Comprehension: <a href="#">Regarde dans l'arbre.</a></li> </ul> <p>English LA activity</p>	<p>Study Multiplication Facts (x7)</p> <p>And</p> <p><a href="#">Splash Learn</a> Class code: <b>INQJUY</b> Password: <b>board8</b></p>	<p>Try baking with another member of your family.</p> <p>We made <a href="#">banana muffins</a> yesterday!</p>
Wednesday	<ul style="list-style-type: none"> <li><a href="#">Morning message</a></li> <li><a href="#">Mots Fréquents sentences</a></li> <li>Read <a href="#">Je Lis</a> or guided reading book.</li> </ul> <p>English LA activity</p>	<p>Gr 4: Telling time by the minute <a href="#">lesson 4</a> and worksheet.</p> <p>Gr 5: <a href="#">La Capaciter</a> lesson 1 *new* and worksheet.</p> <p>Study Multiplication Facts (x7)</p>	<p>Learn how to draw a poppy on <a href="#">Art for hub kids</a> hub or <a href="#">60 second art</a>.</p> <p>Send a picture to be featured on why teacher page.</p>
Thursday	<p><b>Jour du Souvenir</b></p>	<p><b>Jour du Souvenir</b></p>	<p><b>Jour du Souvenir</b></p>
Friday	<ul style="list-style-type: none"> <li><a href="#">Quiz de Mots Fréquents</a></li> <li>Read <a href="#">Je Lis</a> or guided reading book and complete <a href="#">book report</a>.</li> <li>Sound activity <a href="#">"OU"</a>.</li> </ul> <p>English LA activity</p>	<p>Multiplication <a href="#">Flash Cards</a> - try to beat the clock.</p> <p>Gr 4: Review of <a href="#">adding and subtracting</a> and worksheet.</p> <p>Gr 5: <a href="#">La Capacity</a> lesson 2 and worksheets.</p>	<p>Watch some French tv on <a href="#">"Radio Canada"</a>.</p> <p>Or</p> <p>Try <a href="#">The Magic School Bus</a>.</p>

# Home Learning suggestions that do not require Online Learning.

## French Literacy Ideas

- Read every day – use the guided reading book you have at home.
- Re-tell the story to someone in your home.
- Read to someone in your home and explain to them what is happening in the story.
- Writing: Try to write at least 4 times a week.
- You can journal or use the writing papers included in your home learning pack.
- Draw a picture and summarize what you drew.
- Do a book report: Include: title, author, illustrator, and a summary. Did you enjoy the book? why or why not? What was your favorite part? Was it easy to read?
- Mots Frequents: practice your words every day.
- Play “TIC, TAC, MOTS”.
- Write a sentence for each word.
- Sound work: use the mots frequents list from your agenda and make a list of words that use the sounds, “ou”, “er” or “oi”.
- Be the teacher: teach members of your family how to say objects or phrases in French.
- Watch TV in French: change the language to French on Netflix and enjoy a family movie night together.

## Math Ideas

- Math sheets: work on any math sheets in your home learning pack.
- Study your multiplication facts for 6 and 7 and review facts 1 to 5.
- Review adding and subtracting with regrouping: make up questions then solve them. You can use a calculator to help check your answers.
- Teach someone in your home how to express numbers in base 10: Draw numbers and ask them to answer.
- Practice telling time on an analog watch or clock: this is a good review for grade 4 and 5.
- Use a recipe that requires you to measure ingredients: make note of how many ml or g (cups or tablespoons) the recipe calls for.
- Measure items in your home using a referent; How many Lego blocks in length is your dining room table?
- Be the banker in Monopoly: great for addition and subtraction.
- Make a bar graph of item you find in your pantry/cupboards.
- Count how many pieces of Halloween candy you have left. Estimate how long it will last, keep track, and see if you were right.

## Social and Emotional

- Get outside, explore, go for a walk, ride your bike, plan a scavenger hunt – anything outside!
- Draw a picture, dig out an old coloring book, listen to music or have a 5 minute dance party.
- Try a new recipe, bake with a friend or family member.
- Play a board game you loved when you were little (I loved JENGA) see if it is still fun!
- Build something out of nothing, a blanket fort, Lego or even boxes.

**HAVE FUN!!!**
