

Pg 273

Page 273-275

#1, #2(a), #3(a,b)#4(a,b), #6(a,b,c), #7(a,b,c)

★ 1. 23, 23, 26, 27, 28, 28, 31

★ a) mode 23 and 28

median - 27
(4th)

$$\text{mean } \frac{186}{7} = 26.4$$

★ (b) mean since most #'s are relatively close and there are no major changes

★ (c) The wether channel reported one of the modes when there was 2 very different modes so the mean is a better average

★ 2. Math 55 68 69 75 78 85 92

mode - none

median 75

★ mean $\frac{522}{7} = 74.6$

★ Music 50 69 72 81 81 92 96

mode 81

median 81

mean $\frac{541}{7} = 77.3$

★ French 67 68 74 74 76 80 82

mode 74

median 74

mean $\frac{521}{7} = 74.4$

(b)

(c)
