

Some Physical adaptation

i) Camouflage (use of color in a surrounding)

[How Do Chameleons Change Color? \(youtube.com\)](https://www.youtube.com/watch?v=...)

The chameleon can change its **color** to match its surroundings.
Can **you** do that?

Physical adaptation

ii) Mimicry

(looking or sounding like another living organism)

The Viceroy butterfly uses mimicry to look like the Monarch butterfly. Can you tell them apart?

Poisonous

I'm the Monarch!

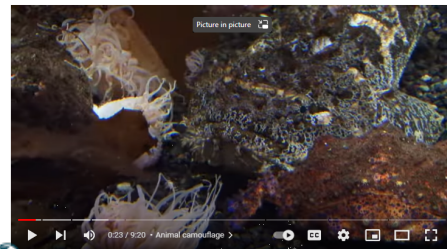

I'm the Viceroy!

Not poisonous
