

Warm Up Grade 8

Jack and Diane went to the movies.

They each paid the same amount for an admission ticket.

Together, they spent \$12 on snacks.

The total cost of admission and snacks for Jack and Diane was \$26.

How much was each admission ticket?

a) Choose a variable.

let "t" = cost of admission ticket.

Write an equation you could use to solve this problem.

b) Use a model to solve the equation.

c) Verify the solution.

$$2t + 12 = 26$$

$$2t + \cancel{12} - 12 = \underline{26} - 12$$

$$2t = 14$$

$$\div 2 \quad \div 2$$

$$t = 7$$

The admission was \$7.

1. When the numbers are larger it is easier to use algebra rather than tiles or scales
2. It is easier to verify using algebra when the answer is a fraction or a decimal.
3. You have to keep the balance and do the same thing on both sides.
4. Student's choice
(Most would chose a decimal, and use a calculator).

$$5a) 2x - 1 = 7$$

$$2x - 1 + 1 = 7 + 1$$

7. a) mistake

In 2nd step, the student added and subtracted 15 from the right side.

$$\begin{aligned}
 -3x + 15 &= 30 \\
 -3x + 15 - 15 &= 30 - 15 \\

 x &= -5
 \end{aligned}$$

b) mistake, student said $7 - 1 = 8$ instead of 6

$$\begin{aligned}
 7 &= 1 + 2n \\
 7 - 1 &= 1 + 2n - 1 \\
 6 &= 2n \\
 \frac{6}{2} &= \frac{2n}{2} \\
 3 &= n
 \end{aligned}$$

c) mistake - in 3rd step, the student should have divided by 2, and he mult. by 2

$$\begin{aligned}
 3 + 2t &= 4 \\
 3 + 2t - 3 &= 4 - 3 \\
 2t &= 1 \\
 \frac{2t}{2} &= \frac{1}{2} \\
 t &= \frac{1}{2}
 \end{aligned}$$

d) No mistake

$$\begin{aligned}
 8a) \quad 2x + 5 &= -7 \\

9. a) $n =$ number of week

$$24n + 72 = 288$$

$$24n + 72 - 72 = 288 - 72$$

$$24n = 216$$

$$\frac{24n}{24} = \frac{216}{24}$$

$$n = 9$$

L	R
$24n + 72$	288
$24 \times 9 + 72$	
$216 + 72$	
288	

In 9 weeks, Navid will have the money in her account.

10.

a) $n =$ number of students

$$2n + 85 = 197$$

$$2n + 85 - 85 = 197 - 85$$

$$2n = 112$$

$$\frac{2n}{2} = \frac{112}{2}$$

$$n = 56$$

L	R
$2n + 85$	197
$2 \times 56 + 85$	
$112 + 85$	
197	

56 students attended the dance.
