What is science?

- Almost everything
- Chemistry
- Physics
- Testing
- Experimenting
- Biology
- Engineering.

## Careers in science

- Science teacher
- Scientist
- Engineer → civil  
mechanical  
electrical  
Forestry  
Chemical  
Biomedical

- Biologist
- Pharmacist
- Physicist
- doctor
- Nurse
- dentist

- Forensic Science

## High School Courses of Interest

Physics  
Chemistry  
Biology  
Environmental Science  
Electronics  
Physical Science

Sometimes these science fields overlap.

Biology : Chemistry - Biochemistry  
~~Organic chemistry~~  
Organic

Astronomy  
:  
Physics → Astrophysics.
