

Coop (MAKE) 120 Week #3 – Online Learning STOP Motion Video Challenge

Introduction: Get ready to create your stop motion story using Google: Stop Motion Animator, Stop Motion Studio App or Google Slides. These are free programs that are easy to use and will make your objects or characters come to life!

Challenge: Create your own stop motion video telling a story with a theme of your choice.

Tools: Any computer, laptop, tablet or phone. Toys, craft materials, or anything else you want to animate!

Software: Google: Stop Motion Animator, Stop Motion Studio App or Google Slides.

Tutorial: <https://www.youtube.com/watch?v=WzIJBGxWMis&feature=youtu.be>

Week #3 Submission: Using whatever program/app you chose, create a 2 minute STOP Motion video. Be sure to check out the tutorial lesson above for details. You decide on a theme. When complete, share your video... have fun!

Options for Submission: I have a tab in TEAMS called 'Week 3 Online Learning'. Using OneNote on mobile device and/or Teams on Laptop, attach your STOP Motion video as an attachment. For those doing the alternative assignment, put pics/videos into TEAMS as well. If you are not comfortable with TEAMS, send the pics/videos to Ashley.Hallihan@nbed.nb.ca.
