

BHS OP 110 ... Survival Tips

Rational: Survival is a key skill that was to be discussed in many lessons in Outdoor Pursuits. You MUST be prepared whether it be an overnight paddling trip or a winter expedition on a snowmobile.

Opportunity : This week we will be watching two videos on survival. The first is from a popular TV Show called Survivorman. This video is from season 1/episode 1 and it focuses on the Canadian Boreal Forest. The second video is from a show called the Weekend Adventurer and focuses on the basics of survival.
