

Welcome to Home Learning Opportunities
Bienvenue à Apprendre à la Maison
4/5 Duffy
Semaine 10

Dear parents and students,

Welcome back to home learning opportunities for grade 4/5D **week 10**. This is our final week of home learning. I am sad to see this year come to an end and I will miss you all very much.

French Literacy

Read in French (10 to 15 minutes daily):

Students can continue to use Je Lis or Epic for French Reading.

Again this week students are free to choose any of the titles remaining in their series (color). Be sure to click the green button when you are finish reading the story. It is a good idea to use the same book all week to work on fluency.

Mots Fréquents (5 minutes twice a week): Practice reading les mots fréquents from list 28.

(jusqu'au, empêcher, environ, alors, enfant, poursuivre, comportement, puis, oui)

[Click here](#) for video.

Morning Message (once a week):

Click the link below to listen to my morning message about what I will miss now that school is coming to an end. Try answering the question at the end in French.

[Message link](#)

*****NEW***Journal de 4e/5e année:** Students can write or draw their answers in each box on the page. You can divide your page into 4 sections and use the PDF or video as a model.

Click [here](#) for video and PDF in attachments.

Journal Entry (once a week): You can pick a topic of your choice or use the example below. Try to write at least three to five good sentences in French.

Journal Example

Sound Work: Click [here](#) for the sound of the week "en-an".

Final Project (memory book): Students can draw a title page which should include their name and a self-portrait. Then they can use their Top 5 events from last week and the two activities (Journal de 4e/5e, Acrostic Poem) from this week to make a memory book.

Click [here](#) for video.

Mathematics

Grade 4 Options

Study your multiplication facts: Work on one group at a time, once you know those facts move on to the next.

Try the Camp Mathematician Tasks: Located in attachments you will find a document provided by district with some math ideas for grades 3-5.

Play Math Games: Use Splash Math or Prodigy to play math games. Reflex math will no longer be active after May 31st.

Grade 5 options

Study your multiplication facts: Work on one group at a time, once you know those facts move on to the next. .

Try The Camp Mathematician Tasks: Located in attachments you will find a document provided by district with some math ideas for grades 3-5.

Play Math Games: Use Splash Math or Prodigy to play math games. Reflex math will no longer be active after May 31st.

Science

Looking for some fun science options? Check out the ASD-N Weekly STEAM document. Look at the grades 3-5 page if you are interested.

Social and Emotional Learning Ideas

See [Mr. Sturgeon's page](#) for great ideas and weekly challenges.

Let's do art together! Click [here](#) for "How to Draw a Sandcastle".

You will need paper, pencil and colors,

Take a photo and email to paula.duffy@nbed.nb.ca. I would love to see it!

Get Outside! Go for a walk, have fun and be active. Email me a picture of an outside activity you did this week.

Looking for ideas? A calendar of suggested activities provided by the district is in the attachments.

Let's bake: Click [here](#) for "Easy Fudgsicles" Recipe.

How to make Cake Pops: Click [here](#) to watch how to make cake pops in French.

Don't forget: e-mail me with pictures of any fun or cool things you do this week and I will post them on my teacher page.

Have a great final week!

Mlle Duffy
