BHS ICE Centre | May 2020

## Assignment #8 – Business Website

Now that you have completed your logo and 2 ads from last week, we are now going to create your very own website for your business

Be sure to carefully, follow the instructions in the PowerPoint Lesson on Web Design. You will be building a website using weebly.com, which is the platform I use to manage the bhsice.com website.

### NEEDED ELEMENTS TO YOUR WEBSITE...

- Unique domain [ex: bhsice.com, countryliberty.ca, shaybear.ca, etc...]
- Home page with logo, business name, product pictures
- About Us / Our Story page with product development story
- Shop / Products / Buy Now... we will work on online order forms next week
- Contact Us / Delivery Options
- You may also want to include your 2 ads somewhere on the site too!

NOTE: Feel free to build other pages as need be but these are essential!

### Time to build your website...

- Go to <https://www.weebly.com/ca> and follow the instructions in the lesson.
- When your website is complete, email me the link.
- Next week we will be developing online order forms.
- The online order form will be your way of getting business.
- Your website will be your way to showcase your product(s).
